

“Aqua Comb” A Pic-Comb & Water Groomer for Dogs!

Features:

- 1) Device allows you one hand free.
- 2) Water action helps detangle hair
- 3) Uses less soap and water.
- 4) Drying time much quicker with less towels needed.
- 5) Massage action calms animal making cleaning easier!
- 6) Spray pattern creates a wall of water that thoroughly drives the shampoo and hair treatment from hair & skin!
- 7) Your pet will be healthier, cleaner and its coat will appear brighter and shinier.
- 8) The on/off switch is also variable flow control.
- 9) The Aqua Comb can be used on all types of pets that have medium to long hair.
- 10) Helps remove dead hair during wash cycle.

Wash Steps:

- 1) Wet your pet all over going against the hair grain for maximum cleaning effect.
- 2) Lather up your pet with your pet shampoo.
- 3) Now pre-rinse your pet again going against the grain.
- 4) The finish rinsing will be with the grain of the hair to allow all to lay down properly.
- 5) The final step is to dry off your pet.

Your pet will love the massage action of the Aqua Comb and wash time will become A FUN TIME!!
